# FOUR CORNERS POWER PLANT AND NAVAJO MINE ENERGY PROJECT

## Environmental Impact Statement

### **NOTICE:**

#### **Public Comment Period Extended to June 27, 2014**

---

The Office of Surface Mining Reclamation and Enforcement (OSMRE) released a Draft Environmental Impact Statement (EIS) on March 28, 2014, to evaluate potential environmental impacts from continued operation of both the Four Corners Power Plant and Navajo Mine to 2041.

**In response to requests for an extension of the public comment period, OSMRE is granting a 31-day extension to June 27, 2014.**

Your input in this environmental analysis process is important. OSMRE welcomes your comments on the Draft EIS.

Comments must be postmarked by June 27, 2014, for consideration in the Final EIS.

### **How to Submit Comments**

Written comments must be post marked by June 27, 2014. To submit comments on the Draft EIS:

- Email written comments to [FCPPNavajoEnergyEIS@osmre.gov](mailto:FCPPNavajoEnergyEIS@osmre.gov);
- or
- Send written comments via postal mail, hand delivery, or courier to:

Mr. Marcelo Calle  
Office of Surface Mining  
Reclamation & Enforcement  
Western Region Office  
1999 Broadway, Suite 3320  
Denver, CO 80202-3050

For project details or information about accessing a copy of the Draft EIS, visit <http://www.wrcc.osmre.gov/FCPPEIS.shtm> or call Mr. Marcelo Calle, OSMRE EIS Coordinator, at 303-293-5035.

## Proposed Action

In accordance with the National Environmental Policy Act, OSMRE is conducting an environmental review and requests your comments related to these actions:

- **Power Plant Lease Amendment**

Arizona Public Service proposes to continue operation of the Four Corners Power Plant until 2041 and has entered into a lease amendment with the Navajo Nation.

- **Energy Transmission Lines**

Transmission lines directly connected to the power plant and owned by Arizona Public Service and Public Service Company of New Mexico require rights-of-way renewals to continue operation.

- **Navajo Mine Permit Renewal**

Navajo Transitional Energy Company (NTEC) proposes to continue operation of the Navajo Mine to fuel the power plant.

- **New Coal Mine Area**

NTEC also proposes to develop a new mine area, referred to as the Pinabete Permit area, within its existing Navajo Mine Lease to have sufficient coal to supply the power plant to 2041.
