U.S. Postal Service mail

Mail a completed/stamped comment form or letter to:

OSMRE WR, c/o Nicole Caveny
C-079641 and C-07519 EA
1999 Broadway, Suite 3320
Denver, CO 80202

Email

Use subject line: ATTN: OSMRE, Trapper Mine MPDD EA

Email to: OSM-NEPA-CO@osmre.gov

ALL COMMENTS MUST BE RECEIVED OR POSTMARKED BY NOVEMBER 12, 2015

Effective Public Commenting

Comments are most effective when they are as specific as possible.

The most helpful comments are those that identify analysis errors or areas where clarification is needed; provide new information; or present a substantially different alternative that meets purpose and need and has not been considered.

The National Environmental Policy Act provides for public comment on federal actions. You are encouraged to comment on how the project may impact you, your family, your community, and/or the environment, whether positive or negative. Comments will be used to identify potential issues, impacts and alternatives to the proposed action, and aid in developing the Environmental Assessment (EA).

- Comments received, including names and addresses of those who comment, will be considered part of the public records for this project and will be available for public inspection.
- Individual respondents may request confidentiality. If you wish to withhold your name, email address, or street

address from public view or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. However, the Office of Surface Mining Reclamation and Enforcement cannot guarantee that we will be able to do so.

- Information on the project will be posted at this website: <http://www.wrcc.osmre.gov/initiatives/TrapperMine.shtm>
- For questions please call: Nicole Caveny, OSMRE, at (303) 293-5078.
- All people who comment will receive notification when the EA is available for public comment.
