

Land Use and Reclamation

Land Use

Premining Land Use	Premine Disturbed Acres*	Postmining Land Use	Postmine Revegetation Target Acres*
• Cropland	469	• Cropland	**
• Fish and Wildlife Habitat	8	• Fish and Wildlife Habitat	**
• Grazing Land	3,657	• Grazing Land	**
• Pasture Land	516	• Pasture Land	**

* Adapted from Table 313 -1, *Area F Permit Application*. Acreages are approximate.

**Final acreages for postmining land use have not been determined yet.

Reclamation

Major Steps

- Soil material salvage
- Pit backfilling
- Regrading and contouring
- Drainage construction
- Soil redistribution
- Revegetation
- Postmine monitoring
