

NOTICE TO READER

On August 10, 2018, the environmental assessment (EA) for the Bull Mountains Mine No. 1 was submitted for publication to the OSMRE Western Region NEPA Compliance Documentation webpage. During the publishing process, the date on the cover page of the EA was updated to August 8, 2018. The EA submitted to the Departmental review team was dated May 11, 2018 and the finding of no significant impact was signed by the OSMRE Western Region on May 21, 2018. During the Departmental review process of the Bull Mountains Mine No. 1 mining plan modification but before it was sent to the Assistant Secretary for Land and Minerals Management (ASLM), revisions were made Appendices D, H, and I. The website has been updated to include the version of the EA and appendices sent to the ASLM after Departmental review.
